Vote: Motion carried by a 6-0 roll call vote.

### Professional Development at MHS - Kathleen Kryza

Motion by Mrs. Taylor; support by Mr. VanWasshenova to approve the contracted professional development and coaching services from Kathleen Kryza for the 2015-16 school year for an amount not to exceed \$25,000.00. This expenditure will be covered using Secondary Curriculum Funds.

Vote: Motion carried by a 6-0 roll call vote.

#### **Mathematics Materials Purchase – MHS and OCHS**

Motion by Mrs. Taylor; support by Mr. VanWasshenova to approve the purchase of McGraw Hill Core Plus Mathematics for grades 9 through 12 which will support the mathematics curriculum alignment with the National Common Core at an amount not to exceed \$155,852.63. Funds for this purchase will come from the curriculum materials budget.

Discussion: Mr. Bunkelman hopes the state and federal mandates continue to allow us the thirteen year

time period it will take to see the full effect. The state hasn't been able to provide us with reliable data to follow a student K-12. Mr. Yeo agreed with the need for consistency. Mrs. Everly stated that we are aligned with materials that are supported by the National Science Foundation, which is the gold seal in the industry.

Vote: Motion carried by a 6-0 roll call vote.

#### **Food Service Equipment Purchase**

Motion by Mr. Bunkelman; support by Mrs. Mentel to approve the purchase of the above stated food service equipment from Hubert for a cost of \$81,886.58 plus freight and accessories, not to exceed \$104,816.64. Cost for this purchase will come from the 2013/14 excess food service fund balance.

Vote: Motion carried by a 6-0 roll call vote.

#### 2015 MCISD Board Member Resolution

The 2015 MCISD Board Member Resolution was reviewed.

#### **Superintendent Comments**

We had a very successful Decision Day at Monroe High School on Friday, May 1, which followed a successful college and career festival for parents and students the night before. About 400 of our seniors declared their post-secondary plans. Johnathon Brown who had been accepted at eight of the leading colleges and universities in the country, decided to attend MIT. He is the third MHS student to be accepted into MIT in the last five years.

We wish our seniors well as they prepare to graduate on Friday, May 29, in ceremonies at Monroe High School, which once again will be streamed live on YouTube. The Monroe Council of Churches will hold a baccalaureate service at MHS for our graduates and those of other schools at 7 p.m. on Thursday, May 28. Also, at the board meeting on May 26 we will honor those MHS students who have earned scholarships through our Education Foundation Scholarship Fund for graduating seniors.

Honors programs are scheduled at Monroe High School and at Monroe Middle School over the next few weeks. At Monroe High, the Underclassmen Awards Ceremony is this Thursday night at 7 p.m., the Instrumental Awards Night is at 6 p.m. next Tuesday and the Senior Awards Ceremony is 7 p.m., May 20. At MMS, the National Junior Honor Society induction ceremony is set for 7 p.m., Wednesday, May 20, and the annual Awards Night will be held at 7 p.m., on Tuesday, May 26.

There are about ten instrumental and vocal music concerts still to be performed at all levels of our schools between now and the end of the school year. At those concerts you will be able to enjoy a number of vocal and instrumental musicians, including several groups, which have won state awards during this school year.

Plans are well underway for our Summer Learning Academy and our summer environmental program at the Knabusch Math and Science Center. There will be six, one-week camps at the Knabusch Math and Science Center, and we have already received out of district phone calls from families wishing to send their children. Invitations for our preK-12 Summer Learning Academy have been sent to students who have shown the need for support in reading and math, or need credits towards graduation. The SLA will be held at MHS, and will include a lunch component this year. Working with the local distributor of the federal summer food program, lunch will be provided to our SLA students and their family members who are 18 and under. This will also be open to any student program occurring at MHS during this time.

Our friends from General Motors' Professional Managers' Network will be at Orchard Center High School this Friday to work with our kids to do a career skills session, which include interviewing skills, mock interviews, what to wear to an interview and resume writing. We are thankful for the expertise they will be sharing with our kids.

If you happen to stop at Waterloo Elementary School on Friday, May 22, you may notice that many of the students are not in uniform. As part of the STEAM program, the school will host a Day From the Past, in which students in several of the classes will be able to dress like children from the past. They also are going to be baking corn bread, a project in which they will be measuring and mixing ingredients.

Work is wrapping up on the Habitat for Humanity House by our construction trades class under Mr. Nate Nestor. The official dedication program is set for Friday, May 22, at the house at 447 Michigan Ave. This is the 10<sup>th</sup> house our construction class has worked on in conjunction with Habitat, believed to be the longest running affiliation between Habitat and a school in the state.

Congratulations to MHS junior Darian Reed who took 10<sup>th</sup> place nationally in data base operations at the BPA Nationals in Anaheim, California. He participated with thousands of students from around the country, and finished 10<sup>th</sup> among the number of students competing.

We'd also like to congratulate ten of our teachers from various buildings who received mini-grants from the Education Foundation of Monroe Public Schools for innovative projects they have suggested for their classrooms. About \$4,000 was awarded for six projects. The awards were for lessons ranging from engineering enrichment activities to a reading program to summer STEAM camps. These awards are made by various fundraising activities. The Paul Smith fundraiser that was held two weeks ago brought in more than \$10,000 for the Foundation.

#### **Old Business**

Mr. Bunkelman asked if progress has been made in setting up work shop dates with the city council. Mr. Yeo will work on that in the coming weeks.

Mr. Yeo thanked Mr. Oley and Dr. Martin for setting up the bus tour yesterday. He also thanked Sodexo for serving lunch at MMS.

Mr. Yeo attended Decision Day at Monroe High School and Leadership Day at Manor, and commented how great it was to be a part of both events.

#### **New Business**

There was none at this time.

#### **Public Commentary-Any Topic**

Selma Rankins' stated his opinion that nothing has been done to improve education for black kids in Monroe Public Schools; the need to hire more black teachers; board members need to question administrators when spending money; and the education Foundation honoring Paul W. Smith.

#### Adjournment

Motion by Mrs. Taylor; support by Mr. VanWasshenova that the May 12, 2015, Board Meeting #8 of the Monroe Public Schools Board of Education be adjourned.

Vote: Motion carried by a 6-0 hand vote at 7:50 p.m.

# Monroe Public Schools Board Curriculum Committee

Date of Meeting: May 18, 2015
Next Meeting: June 15, 2015

- 1) Call to Order: Julie Everly called the meeting to order at 5:05
- 2) **In Attendance:** Matt Bunkelman, Julie Everly, DJ Freese, Jenna Groves, Terry Joseph, Barbara Lafayette, Barry Martin, Ryan McLeod, Leah Morelli, Alka Pandya, Selma Rankins, Brian Ready, Kelly E. Smith, Larry VanWasshenova
- 3) Public Commentary: None
- 4) Manor Title I Supplementary Books: Terry Joseph and Kelly E. Smith from Manor discussed the need for a Title I purchase of books. They would like to build a more diverse library of leveled science books for student access. Students can't always understand the science concepts in a curriculum book, but if there are books at the reading level of the student they can read these books for more support in their learning.

They are also looking at books to support reading, writing, and book clubs. Teachers will have bins of books that students can access. Classroom resources will increase to support the interests of the students.

- 5) Raisinville IB School Discussion: Raisinville has a lot of support for the IB School project. Teachers that haven't visited an IB school are doing that now so everyone has had an opportunity to see an IB school and ask questions. We will continue with updates for the board and you can look forward to having Raisinville present next month.
- 6) MHS Health Sciences Pilot Team: The pilot team introduced themselves and offered the curriculum topic they will be teaching individually and an overview of how the school day will be scheduled. This program will offer students the opportunity to go through some of the classes in a biomedical sciences program before they get to college. There will be research and clinical programs so they can have multiple opportunities for students to explore their interests. Guest speakers will come from different professions, field experience, industry mentors and career exploration to share with the students and assist with their learning. The focus school concept is all about integrating the curriculum with the real world experiences, which will be the primary focus of this program.

The rationale for need: Improve the student experience at MHS, focus on the needs of 21<sup>st</sup> century learners who are enthusiastic about learning, understand the skills needed after high school. This aligns with the district improvement plan.

The inclusion of special education is very important to the growth and well-being of this program. The amount of students targeted is 105; this number was identified by the number currently involved in the program.

- 7) **MHS Braille:** Students that have little or no sight are worked with one on one with the vision consultant. We have a student that will completely lose her sight in 5 to 7 years. The vision consultant feels it is time for her to learn Braille so she can continue with her education. This student realizes the need to learn Braille but she would also like to take foreign languages and other college prep courses. This course would also be available to a couple other students that have an interest in learning Braille.
- 8) **Storia School Edition:** With our one to one ratio of devices to student in the schools we are very interested in the books that the students can access using an electronic device. The students would not feel embarrassed if they are at a lower reading level; they can still read books and nobody would know their reading level. This would increase the number of books available to students in a variety of reading levels and interests.
- 9) **Schoolzilla vs Pearson/Inform:** Brian Ready presented a comparison of Schoolzilla, a new program, to Pearson/Inform, which we currently use. The item that everyone seems to like about Schoolzilla is the dashboard concept for ease of use. Schoolzilla has real time updates for a teacher or coach to see where a student is at any given time with their assessments, reading and math scores. Pearson/Inform has a delayed process for updating so you are well into the next trimester before you can access the scores for a building. The delay makes it very difficult to stay on target for school improvement and also for district improvement goals.

#### 10)**Old Business**: None

11) **New Business:** Chantele Henry discussed how Orchard Center High School is focusing on how to become a community hub for the neighborhood. Money has been allocated for different land improvement plans in the Orchard area and they are hoping to piggy back with some of the development to make changes at OCHS. The staff is discussing how they can integrate themselves into the neighborhood and create a partnership with different businesses in the area.

OCHS is looking for options for their students. Students that were dual enrolled this year have lit the fire for other students. Ten students have requested dual enrollment for next year which is an increase from this year.

12) **Adjournment:** Julie Everly adjourned the meeting at 6:45 p.m.

#### BEST PRACTICES INCENTIVE RESOLUTION

#### **BACKGROUND**

On June 24, 2014 the Governor enacted legislation under Section 22f of the State School Aid Act, 2014 PA 196, that appropriates \$75,000,000 to provide \$50 per pupil allocations for the FY 2014-15 school year to local school districts and public school academies that meet seven of nine of the following best practices:

- a) Hold policy on medical benefit plans (if directly employed by district, or not excluded by a voluntary employee beneficiary association).
- b) Obtain competitive bids for the provision of 2014-15 non-instructional services
- c) Accept applications for enrollment of non-resident pupils under Section 105 or 105c
- d) Offer online courses or blended learning opportunities to all eligible pupils and publish course syllabi.
- e) Provide to parents and community members a dashboard/report card with required financial information on website.
- f) Teacher and administrator job performance is significant factor in compensation determination.
- g) Collective bargaining agreements do not include provisions contrary to prohibited subjects by statute.
- h) Implement a comprehensive guidance and counseling program.
- i) Offer K-8 students 1 credit worth of non-English language learning experiences.

Monroe Public Schools has met seven of the nine financial best practices.

#### RECOMMENDATION

Move to approve the resolution certifying the district's compliance with the required best practices.

#### **Best Practices Incentive**

#### **School Board Resolution**

WHEREAS, Section 22f of the State School Aid Act provides \$50 per pupil one-time grants to districts that satisfy at least 7 of 9 best practices criteria not later than June 1, 2015 [MCL 388.1622f].

WHEREAS, the board of education of MONROE PUBLIC SCHOOLS desires to receive the \$50 per pupil incentive payment.

WHEREAS, the MONROE PUBLIC SCHOOL DISTRICT has satisfied at least 7 of 9 best practices criteria.

WHEREAS, eligibility for the incentive payment is contingent upon adopting a resolution that states the district has complied with the following 7 of 9 best practice criteria.

Now, therefore, be it resolved as follows:

- 1. The board of education of MONROE PUBLIC SCHOOLS certifies that the district has complied with the following requirements:
- a) The district is the designated policy holder for medical benefit plan(s) pursuant to Section 22f(1)(a).
- b) The district has obtained a competitive bid on non-instructional services pursuant to Section 22f(1)(b).
  - o Food Service Management
- c) The district accepts applications for enrollment by non-resident applicants under Section 105 or 105c (MCL 388.1705) pursuant to Section 22f(1)(c).
- d) The district offers online courses or blended learning opportunities to all eligible pupils, and publish course syllabi pursuant to Section 22f(1)(d).
- e) The district provides a link on the district's home page to the URL for the MiSchoolData Portal which will contain the required dashboard indicators pursuant to Section 22f(1)(e). If certain data elements for our district are unavailable from state data collections, we agree to provide those data in the form and manner determined by MDE.
- f) The district includes Teacher and Administrator job performance as a significant factor in compensation determination.
- g) The district's collective bargaining agreements do not include provisions contrary to prohibited subjects as outlined in section 15(3) of 1947 PA 336, MCL 423.215.
- h) The district implements a comprehensive guidance and counseling program.
- i) The district offers opportunities to complete 1 credit worth of non-English language learning experiences.

The board of education of MONROE PUBLIC SCHOOLS authorizes and directs its secretary to file this resolution with the State Aid and School Finance Office of the Michigan Department of Education.
 All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution are hereby rescinded.

RE: Student Meal Prices

Section 205 of the Healthy, Hunger-Free Kids Act of 2010 requires school food providers to adjust lunch prices annually based upon an averaging formula provided within the act. Applying this formula to our current lunch pricing shows it is necessary for us to adjust our average meal prices for the 2015/16 school year. Averaging our meal prices allows us to adjust pricing at specific levels rather than across the board.

Following are three pricing options that would meet the necessary meal cost average.

|            | <u>Current</u> | Option A | Option B | Option C |
|------------|----------------|----------|----------|----------|
| Elementary | \$1.95         | \$2.10   | \$2.05   | \$2.00   |
| Secondary  | 2.70           | 2.75     | 2.80     | 2.85     |

In evaluating what we would consider to be the best choice for pricing, we are recommending Option B.

This option will increase both the elementary lunch price and the secondary lunch price by 10 cents. This equates to \$16.80 per year per student.

I have included the spreadsheet used to calculate the required increase as well as the 2014/15 lunch prices for Monroe County school districts.

May 12, 2015 Robert Yeo Monroe Public Schools 1572 Arbor Ave Monroe, MI 48162-3104

Dear Robert,

On behalf of your Association's board and staff, I want to thank you for the opportunity to support, promote and enhance the important service and leadership you provide for Michigan's public schools and students. We look forward to another year of serving your board, your district and your leadership needs.

It's time to renew your district's membership with MASB for the 2015-2016 school year. The collective support of over 4,000 board members enables MASB to have a powerful voice as we advocate for important issues on your behalf.

We recognize the importance of value in any membership and are proud of our accomplishments, including:

- Legislative advocacy—fighting for you on issues like school funding, retirement reforms, cyber schools and curriculum requirements.
- Partnering with NSBA to help lead the national "Stand Up 4 Public Schools" campaign.
- Training and educating board members to help improve student achievement.
- The Board Self-Assessment tool that allows our members to hold themselves accountable by assessing strengths and weaknesses.
- New communications tools such as *LeaderBoard* magazine; our digital newsletter, *DashBoard*; our video news program, *StoryBoard*; and our award-winning new board member Web portal, *OnBoard*, all to keep you informed in the latest education trends.

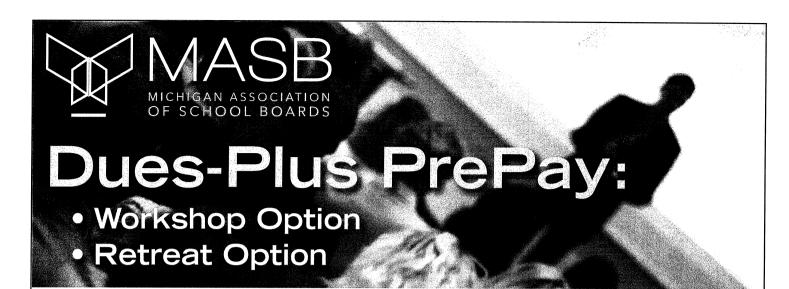

Through these initiatives and so much more, we are committed to providing great value for your current and emerging needs. Because of your support and service, MASB is highly regarded as a leader in providing innovative and cost-effective services for school leaders and their districts, such as our partnership with SET SEG that allows districts to participate in competitive insurance pools and benefit from annual rebates.

Your ability to positively impact your students is significantly enhanced by joining the 600+ school districts that are MASB members.

Your district's dues invoice has been sent to your Superintendent. If you have any questions, please call us at 800.968.4627. MASB is your Association and *Your Voice for Public Education!* 

Sincerely,

Kathy Hayes
Executive Director

Streamline your decision making and save money on your board development with MASB's dues-plus, prepaid option. Choose from a topic-specific board workshop located at the convenience of your board table, or a customized, facilitated board retreat at the location of your choice.

## **Dues-Plus Option Workshop**

#### Memorandum

DATE:

May 6, 2015

TO:

Secretaries of the Constituent School Boards

K-12 Superintendents

FROM:

Stephen McNew, Superintendent

SUBJECT:

Candidates for the MCISD Board of Education

Below is the information regarding the three candidates running for the MCISD Board of Education. This year the following terms are open:

One six year term (July 1, 2015 through June 30, 2021)

- Candidate: Renee Larzelere, Summerfield Schools (incumbent)

One four year term (July 1, 2015 through June 30, 2019)

- Candidate: Linda Stiegel, Ida Public Schools (incumbent)

- Candidate: Lynn Beattie, Monroe Public Schools

One two year term (July 1, 2015 through June 30, 2017)

- Candidate: no candidate for this term. After the Biennial Election, the MCISD board will go through the appointment process.

Please be advised that each local school district must adopt a resolution that 1) designates a representative to attend the biennial election to be held on June 1 at 6:00 PM, 2) identify a candidate the board supports for each position to be filled on the MCISD board, and 3) direct its representative to vote for that individual(s) on at least the first ballot taken by the electoral body. The earliest date the resolution can be adopted is May 11<sup>th</sup>. Please forward the completed resolution to Andrea Murphy at andrea.murphy@monroeisd.us immediately following the board meeting.

I wish to be clear that there <u>must</u> be a meeting where your board considers the resolution prior to the meeting where it is adopted. These meetings may be held on the same evening with the first meeting to consider the resolution (without a vote), followed by your regular meeting where the resolution is actually adopted.

I am again providing you with the 2015 Intermediate School District Biennial Election Schedule and the sample board resolution which has previously been distributed to the superintendents and board presidents. If you have any questions regarding this process, please contact Elizabeth Taylor, Assistant Superintendent for Human Resources and Legal Counsel at 734.242.5799, ext. 1200 or elizabeth.taylor@monroeisd.us.

Thank you.

## Please state why you would like to be elected or re-elected to the Board of Education.

I am running for election following a 20 month appointment to the MCISD to fill a board vacancy. I am a true believer in community service and what better than serving, supporting, and providing leadership within the education system. Education for all is a high priority for all of us that live in Monroe County and by being a member of the MCISD BOE; it would allow me to become a team member and a true educational advocate for this county.

As a member of Summerfield Schools BOE for 161/2 years (11years as President), I have acquired experience, developed skills and been a part of many difficult decisions including a financial deficit. The service to our communities and school systems has and continues to be very rewarding. Thank you for considering me for the 6 year term on the MCISD BOE.

# Please describe your view of the role of the Monroe County Intermediate School District.

The MCISD is part of a county wide effort that provides educational services as well as an expert resource to local school district students, special education, Monroe County Middle College, and juvenile detention school. It is meant to work collaboratively with the mission to prepare today's students for tomorrow's world. Using the best practices and supporting each and every student to be a success.

#### Please state why you would like to be elected or re-elected to the Board of Education.

As an educator of 43 years, I will bring a wealth of experience to the Monroe County Intermediate School District (MCISD) Board of Education. During my years as an educator, I have established a broad range of relationships with educational professionals from all of the districts in Monroe County. Having taught many special needs students, I have gained a thorough understanding of Special Education and the concerns of those students' families.

Although I have served on the MCISD Board for seven months, I am still learning about all of the parts the MCISD plays in the education of Monroe County students. Through my interaction with the other board members and the MCISD administration, I feel that I am part of an effective team that makes decisions with what is best for students in mind. I am especially proud to be involved with the launching of the Career and Technical Education (CTE) program. For many years, a significant population of our schools has been underserved. I visited one of our districts during a CTE planning session that included several potential students. The enthusiasm of these young adults about participating in CTE classes motivated me to ensure that this program moves along in a timely manner.

As an advocate for the MCISD and the other schools in our county, I attended a gathering of our elected state and local officials to express some of the common concerns held by our educational community. These decision makers need to hear our voices and be encouraged by us to advocate for strong public schools.

Attending MCISD events has been one of my most enjoyable roles as a board member. Whether sitting in the audience of the Education Center's Spring Talent Show, visiting Holiday Camp during summer sessions, or helping to judge many Monroe County Quiz Bowls, I have been able to see the results of the MCISD Board's hard work and dedication.

Not only is it important for teachers to improve their performance, but board members should also strive to be more effective. Since being on the board, I have attended several conferences and read many professional articles to gain information on how to become a better board member.

Finally, being a trustee on the MCISD Board of Education will allow me to continue to contribute to the education of the students of Monroe County after my retirement from Mason Consolidated Schools in June.

Please describe your view of the role of the Monroe County Intermediate School District.

More than ever before, the MCISD should help ensure a quality and equitable education for <u>all</u> of our students. Their role should include:

- Support to educators by offering training sessions to keep them up to date
  on the latest research and teaching methods. This especially helps out
  smaller districts, who often do not have some of the personnel and
  resources available. I have attended many sessions that have proven to be
  beneficial in helping to meet the demands of today's often complex state
  and federal standards.
- Coordination of special student services to help local districts with the evergrowing needs in special education, Career and Technical Education, and digital courses.
- 3. Directing Early Childhood Programs, such as Head Start and Great Start Readiness Program to better ensure that every child is healthy and eager to succeed in school.
- 4. Development of partnerships with human services agencies, businesses, and the Monroe County Community College. These partnerships benefit our schools and students by readying them for 21<sup>st</sup> Century careers.
- 5. Management of technology. Internet access, software purchases, and technical support aid local districts, as well as lower costs for these products and services.
- 6. Preparation of students for today's workforce. The Middle College and the CTE Program will play important roles in this aspect.
- Acting as a liaison between school districts and various levels of government. MCISD leaders should communicate the needs of public schools to elected officials and advocate for strong public schools.

These are parts, but not all, of the MCISD's role. The MCISD is the hub of Monroe County for our local schools. It is a service agency that should be asking these same schools, "What more can we do for you?" to fulfill its mission of "preparing today's students for tomorrow's world".

## Please state why you would like to be elected or re-elected to the Board of Education.

As a retired educator with nearly 40 years of experience that spans elementary, middle, high school and administration, I believe that I could be a positive contributing member of the Board of Education. In addition to those positions, I have chaired Wayne County WRESA At-Risk Programs, been the district 504 coordinator, sat on district wide curriculum committees, was the MEAP coordinator for Renton Junior High School, worked on 31A grant writing which obtained the districts first liaison officer, and chaired the technology millage elections. These additional responsibilities would make me a well-rounded member to such a prestigious team that provides educational services throughout Monroe County.

# Please describe your view of the role of the Monroe County Intermediate School District.

The Monroe County Intermediate School District has a monumental and unique task of serving as the only link between nine public school districts, two charter schools, and fifteen non-public schools with the Michigan Department of Education. In a time of incredible pressures to best educate our young and the challenging future that lies ahead, the MCISD is the only entity encompassing and coordinating all of these educational groups. In the field of education, we also must meet the challenge of reviewing past educational efforts, organizing current educational endeavors, and planning for the future. The MCISD has shown time and time again its talent for being a educational leader that champions for children of all needs.

#### SECTION 105 AND 105C OPT-OUT RESOLUTION

#### BACKGROUND

The State School Aid Act (MCL 380.1601 et seq) requires boards of education to take action each year to opt out of schools of choice, if they choose not to offer schools of choice or if they have a hybrid plan. Monroe County has its own Schools of Choice program; therefore, each district must opt out of §105 and 105c if they follow the Monroe County Program.

#### MONROE PUBLIC SCHOOLS DISTRICT

#### **Section 105 Opt-out Resolution**

- **WHEREAS,** Section 105 of the State School Aid Act of 1979, as amended by Public Act 297 of 2000, permitted school districts to accept schools of choice enrollment applications from nonresident applicants residing within the same intermediate school district; and,
- **WHEREAS,** by official action taken at its May 26, 2015 meeting, this Board of Education determined to not accept applications under §105 for enrollment from nonresident applicants residing within the same intermediate school district for the 2015-16 school year but instead will participate in the Monroe County School of Choice Program; and,
- **WHEREAS**, the District must comply with Section 105 of the State School Aid Act in order to avoid a state school aid penalty.
- **Now therefore be it resolved** that the School District will not accept applications under §105 for enrollment from nonresident applicants residing within the same intermediate school district for the 2015-16 school year but instead will participate in the Monroe County Schools of Choice Program.

#### **Section 105c Opt-Out Resolution:**

- WHEREAS, Section 105c of the State School Aid Act of 1979, as amended by Public Act 297 of 2000, permitted school districts to accept schools of choice enrollment applications by nonresident applicants residing in a district located in a contiguous intermediate school district; and,
- **WHEREAS,** by official action taken at its May 26, 2015 meeting, this Board of Education determined to not accept applications under \$105c for enrollment by nonresident applicants residing in a district located in a contiguous intermediate school district for the 2015-16 school year; and,
- **WHEREAS**, the District must comply with the provisions of §105c of the State School Aid Act in order to avoid a state school aid penalty.
- **Now therefore be it resolved** that the School District will not accept applications under §105c for enrollment by nonresident applicants residing in a district located in a contiguous intermediate school district for the 2015-16 school year.

## MICHIGAN HIGH SCHOOL ATHLETIC ASSOCIATION 2015-16 MEMBERSHIP

#### **BACKGROUND**

The Michigan High School Athletic Association is a voluntary, non-profit corporation comprised of public, private and parochial junior high/middle and senior high schools whose Boards of Education have voluntarily applied for and received membership for their secondary schools. The association sponsors statewide tournaments and makes eligibility rules with respect to participation in such Michigan High School Athletic Association sponsored tournaments in the various sports. School systems that wish to host or participate in such meets and tournaments must join the MHSAA and agree to abide by and enforce the MHSAA rules, regulations and qualifications concerning eligibility, game rules and tournament policies, procedures and schedules.

SUBJECT: 2015-16 Membership - Take Action Now!

Unlike classroom courses of our schools, the interscholastic athletic program requires opponents; and to help promote a level playing field for competition, the interscholastic athletic program requires some organization to provide a forum to assist in developing competitive standards and to help assure they are maintained. For many years, many schools have worked through the Michigan High School Athletic Association to establish a common set of rules, for the orderly administration of an interscholastic athletic program which promotes academic integrity and competitive equity.

According to Michigan Attorney General Opinion #4795 of 1977, any local board of education which desires to do so may voluntarily join the MHSAA by adopting the rules of the association and agreeing to enforce those rules with respect to its schools. Institutional control remains the key to this organization.

Enclosed are two copies of the <u>MHSAA Membership Resolution</u> for the year August 1, 2015 through July 31, 2016. A copy describing essential eligibility requirements in PDF format may be downloaded from the MHSAA web site at MHSAA.com.

Each school district which wishes one or more schools to participate in MHSAA tournaments and benefit from MHSAA services must schedule on its board of education agenda the adoption of the Membership Resolution. The Resolution should be signed in sufficient time to prevent a lapse in membership (before August 1). A lapse in membership, even though for only a week, can create unnecessary problems should there be claims under the catastrophic medical insurance plan or the new concussion care insurance (see enclosed information) or if eligibility rulings are to be made during that period.

While it is not a prerequisite to conducting an interscholastic athletic program, MHSAA membership is required for all school districts which wish their high schools to participate in MHSAA post-season tournaments. If the Membership Resolution is not signed and returned by the fourth Friday after Labor Day (September 30), your district's schools may not enter MHSAA post-season tournaments during 2015-16.

If the Membership Resolution is being returned from a multi-school district or diocese, please list ALL <u>junior</u> and <u>senior</u> high schools for which membership is requested. <u>We strongly urge that all junior high/middle schools become MHSAA members</u>, subject to MHSAA rules that are especially designed for students of that age and educational programs of that level. In order to assure compatible philosophies and equitable opportunities and competition, you are urged to invite all the junior high/middle schools against which yours compete or which feed into your high schools to also become MHSAA member schools if they are<sup>5</sup>fhot already.

The Membership Resolution obligates the listed schools of your district to <u>follow</u> the standardized rules if your schools wish to qualify for and participate in MHSAA post-season tournaments, and it obligates your administration and board of education to enforce those rules.

## Complete the Membership Resolution only if your district intends to fulfill these obligations without exception.

Also enclosed is a copy of the minutes of the MHSAA Representative Council Meeting held May 3-4, 2015. Regulation CHANGES as indicated in the minutes will be published in the 2015-16 *Handbook*, which we anticipate receiving from the printer before June 15. Copies will be sent to each superintendent and each member school immediately after delivery to our office. Please review the minutes of the Representative Council's Dec. 6, 2014 and March 27, 2015 meetings where other changes for 2015-16 were developed. Minutes can be found on the Administrators page on mhsaa.com.

Thank you for your cooperation with these first procedures for the 2015-16 year of inter-scholastic athletics, which we will try our very hardest to make the very best experience possible.

#### **POINTS OF EMPHASIS FOR 2015-16**

- 1. It is a condition of membership that each board of education/governing board adopt a code of good sportsmanship for its athletes, coaches and spectators, on educational program to promote good sportsmanship and a system of progressive discipline for failures to behave according to the code of good sportsmanship. It is a condition of membership that this code of good sportsmanship, and/or a separate code of conduct for athletics, must prohibit use of illegal performance enhancing substance and specify a period of ineligibility for students who violate the school's policy.
- 2. Michigan High School Athletic Association tournaments are the collective property of the MHSAA and not of any individual member school. The MHSAA reserves the right to promote and advance the membership's interests with publication information; exclusive arrangements to create recognition and exposure for school-sponsored activities; restrictive policies prohibiting exploitation and commercialization of MHSAA-sponsored tournaments; appropriate proprietary interests; and the use of images or transmissions identifying contest officials, spectators and member schools' students, personnel and marks.
- 3. This fall, the second of three enhancements to the health and safety preparation of coaches takes effect. Last year, high school assistant and sub varsity coaches were required to complete a rules and risk management requirement similar to high school varsity head coaches. In the fall of 2015, all high school varsity head coaches must be CPR certified. In the fall of 2016, all individuals hired after July 31, 2016 to be a high school varsity head coach for the first time in Michigan must have completed the MHSAA's Coaches Advancement Program Level 1 or 2.

The Michigan High School Athletic Association is a voluntary, nonprofit corporation comprised of public, private and parochial junior high/middle and senior high schools whose Boards of Education/Governing Bodies have voluntarily applied for and received membership for and on behalf of their secondary schools. The association sponsors statewide tournaments and makes eligibility rules with respect to participation in such Michigan High School Athletic Association sponsored tournaments in the various sports. Each Board of Education/Governing Body that wishes to host or participate in such meets and tournaments must join the MHSAA and agree to abide by and enforce the MHSAA rules, regulations and qualifications concerning eligibility, game rules and tournament policies, procedures and schedules. It is a condition for participation in any MHSAA postseason tournaments that high schools adhere to at least the minimum standards of Regulation I and the maximum limitations of Regulation II in ALL MHSAA Tournament sports.

Michigan High School Athletic Association tournaments are the collective property of the MHSAA and not of any individual member school. The MHSAA reserves the right to promote and advance the membership's interests with publication information; exclusive arrangements to create recognition and exposure for school-sponsored activities; restrictive policies prohibiting exploitation and commercialization of MHSAA-sponsored tournaments; appropriate proprietary interests, and the use of images or transmissions identifying contest officials, spectators and member schools' students, personnel and marks.

To obtain membership, it is necessary for the Board of Education/Governing Body to adopt the following resolution for its junior high/middle and senior high schools. This resolution must be formally ratified by your Board of Education/Governing Body and properly signed. Please return one signed copy for our files and retain one copy for your files. Resolutions that are modified in any way or are supplemented with letters placing additional conditions on MHSAA membership or tournament participation shall be rejected.

## Schools Which Are To Be MHSAA Members During 2015-16

NOTE: Pursuant to the MHSAA Constitution, "All high schools, junior high/middle schools, or other schools of Michigan doing a grade of work corresponding to such schools, may become members of this organization provided (a) the school building has an enrollment and on-site attendance of at least 15 students, weather for grades 7 and 8, or 7 through 9, or 10 through 12, or 9 through 12; and (b) if nonpublic school, the school qualifies for federal income tax exemption as a not-for-profit organization." If enrollment falls below the minimum, the school must notify the MHSAA and its membership will be subject to suspension.

#### UPWARD BOUND CULTURAL ENRICHMENT YEAR-END TRIP AUGUST 2-5, 2015

#### BACKGROUND

Monroe High School Upward Bound Program Director, Anthony Quinn, wishes to petition the Board of Education for permission to take students and adult chaperones to Philadelphia, Pennsylvania, for the year-end cultural enrichment trip. This trip concludes the summer program and is stipulated by the Department of Education grant. The group will visit historical venues, Temple University and a variety of other tours and tourist destinations. This is a federally approved trip for the Upward Bound Program covered by the U.S. Department of Education. Funding for this year-end trip comes from the Upward Bound Grant; no student monies will be used.

#### **ENCLOSURES**

The Monroe Public Schools Abbreviated Field Trip & Excursion Check List Form and the field trip packet is enclosed. The complete packet will be housed in the office of the Assistant Superintendent of Curriculum, Instruction pre K-6, and Human Resources.

#### RECOMMENDATION

Move to approve the Upward Bound Program end-of-year field trip to Philadelphia, Pennsylvania, in accordance with Board Policy 7490, Field Trips and Excursions.

Upward Bound Cultural Enrichment, Year-End Trip

Date:

June 9, 2015

Anthony Quinn, Dannielle Lambert

The Upward Bound end-of-year cultural enrichment trip is scheduled to conclude our summer program once again this year. This trip, as it is stipulated by our grant, is for students who have shown commitment to the Upward Bound program and exhibit outstanding participation and/or improvement throughout both the school year and summer program. The eligible students that are asked to participate in this trip will be exposed to many new, exciting, and enriching experiences.

This year, we are requesting that you grant us permission to visit Philadelphia, PA and the surrounding areas with our students. We will leave on Sunday, August 3 at approximately 7a.m. and will return on Wednesday, August 5 at approximately 11:30p.m. We plan to take 70 students, rising freshmen through rising seniors, on the trip (approximately 35 from AHS and 35 from MHS). We will have 10 chaperones, including Anthony Quinn, Charles Friedline, Dannielle Lambert, and many of our regular tutors who have an educational connection and rapport with our students. It is our goal to have a student to chaperone ratio of no more than 6:1. We have planned this trip without the help of a travel service this year.

As it is written in the Upward Bound grant proposal: Educational, social, and cultural enrichment activities will include an overnight trip to a major metropolitan area during the summer, to experience a play or musical event, visit a college or university, business and other points of cultural and educational interest. We have an itinerary that meets all of that and more. Our itinerary includes:

- \* Round trip transportation provided by Trinity Transportation in air-conditioned & DVD-equipped motor coaches
- \* First-class accommodations for three nights in historic downtown Philadelphia
- \* Three breakfasts, one lunch, four cash returns, and three dinners
- \* Hershey's Chocolate World/National Constitution Center/Valley Forge National Historic Park
- \* Guided walking tour of the historic downtown Philly area and the Italian Market
- \* Moshulu Ship dining/City Tavern dining
- \* Love Park/Rocky Steps
- \* Temple University
- \* Private nighttime hotel security

The following supporting documents include more details about the planned trip. All funding is provided by the U.S. Department of Education via the Monroe County Community College Upward Bound Award/Grant. No funding will be necessary from Monroe Public Schools, Airport Community Schools, or the students themselves (except in the case of personal souvenir spending), nor will there be any fund-raising activities in relation to the costs of this event.

We thank you for your time and consideration of this matter. Please do not hesitate to contact any of our program staff with questions.

Sincerely,

Beth Lekity Administrative Assistant Monroe County Community College Upward Bound Programs

| Purpose of Trip: To fulfill Upward Bound Grant requirements of exposing our students to educational, social, and cultural enrichment activities that will include visits to some of the most historical sites in our nation's history and a visit to a local college campus. This trip also serves as a reward to those students who have shown a commitment to their education and the Upward Bound program. |

# ABBREVIATED FIELD TRIP & EXCURSION CHECK LIST FORM

Complete details of this field trip can be obtained from the Assistant Superintendents of Secondary and/or Elementary Curriculum. All details are in compliance with Board Policy IICA.

#### FIELD TRIP DESCRIPTION:

Destination and Description of Trip:

Annual end-of-year cultural enrichment trip for Upward Bound students to Philadelphia, PA. Students who have achieved academically and behaviorally throughout the year AND summer program will be eligible to attend. We are required by the U.S. DOE Upward Bound Grant to provide an overnight trip that provides educational, social, and cultural enrichment activities in a major metropolitan area. This fulfills that requirement for the 2014-15 academic year.

# MONROE PUBLIC SCHOOLS FIELD TRIP CHECK LIST

Complete the following check list before submitting a formal request to the Board of Education for approval of overnight, out-of-state (except Cedar Point, Toledo, and vicinity) or out-of-country field trips. Follow the timelines as outlined in Board Policy IICA.

X Written request to appropriate principal

 ${\sf X}$  Written approval by such principal and the superintendent or his/her designee

X Written parent permission form (IICA-F1/Board Policy Manual)

X Completion of curriculum alignment form:

All field trips should be designed to enhance the curriculum standards and benchmarks. List below a brief description of activities, lessons, projects, etc. leading up to, during, and following this field trip.

Pre-trip lessons:

Expose students to history of places we are visiting like the National Constitution Center, Moshulu Ship, Italian Market, Christ Church, & the Betsy Ross House in fun, exciting, and educational ways.

How this trip will engage students in activities congruent to our content standards during this trip:

We will contribute to a "college culture" adopted by MHS by visiting Temple University while we are in the city of Philadelphia. We will also receive guided, detailed tours through various historical places and participate in a scavenger hunt that will require the kids to use their knowledge of the area and history lessons to find fun historical figures and facts.

Follow-up classroom lessons:

The Academic Skills Coordinator will have the students write an approximate 2-page "Reflections" paper highlighting what they learned and what they liked/disliked about the trip.

Depart for the Italian Market - The South 9th Street Italian Market runs along 9th Street from Wharton to Fitzwater Streets. BUS DROP-OFF AT THE INTERSECTION OF WASHINGTON & 9<sup>TH</sup> - The market began in the mid-to-late 1880s when Antonio Palumbo, an Italian immigrant, opened a boarding house in the neighborhood for other Italians. Businesses sprang up to serve this growing community and began to form the largest, outdoor, continuous market in the country. Food stalls began to occupy the East side of 9th Street, where merchants sold fresh fish, fruit and vegetables. A number of butcher shops began to offer the highest-quality cuts of meat. Cheese shops, restaurants and bakeries filled the West side of 9th Street. Today, while the outdoor vendors and many of the original Italian businesses remain, the market has diversified to reflect new waves of immigration. The market boasts some of the most authentic Mexican fare in the city and the surrounding neighborhood is home to a number of Asian eateries and grocery stores, featuring delicacies such as Korean barbeque and Vietnamese Pho. Additionally, a number of unique gift and service providers provide a well-rounded shopping experience.

2:15 PM:

Arrive at the Italian Market and meet our tour guides (large group will split into groups of 2 chaperone groups, no more than 14 per group) – INTERSECTION OF WASHINGTON & 9<sup>TH</sup> - Take a tour of the South 9th Street Italian Market, with a personal tour guide. Along the way, learn the history of the Italian Market and anecdotal stories about the market's most famous and infamous personalities and hot spots. Stop and sample foods from several iconic food shops. Visit the famous intersection in South Philadelphia of 9th Street and Passyunk Avenue, which houses two restaurants specializing in the signature dish of the city of Philadelphia – the Philly Cheesesteak. Geno's Steaks is directly across the street from rival Pat's King of Steaks, which claims to have invented the steak sandwich in 1933.

INTERNET SAVER RESERVATIONS:
Wyndham Philadelphia Inn Historic District participates in a variety of internet saver rate programs as mandated by Wyndham Hotels Group. These internet saver rates are not applicable to groups, must be paid in full at time of booking, cannot be canceled or changed for any reason (non-refundable) and have limited availability. Additionally, rates are not typically the same for the duration of your stay. Your sales representative, when quoting group rates, takes into consideration these internet saver programs to ensure your group rate is ultimately the best available.

Replacement of the electrical panels in the pool pump room. This is a safety concern when working on these panels. Three bids were received.

Bid summary is as follows:

Mosher Electric Inc.

\$11,061.00

Monroe, MI

Geal Electric Co.

\$13,300.00

Monroe, MI

Staelgraeve Turner Electric

\$13,591.00

Monroe, MI

We recommend that the low bidder, Mosher Electric Inc., be awarded the high school pool panel replacements in the amount not to exceed \$11,061.00

Funds will be taken from the Site Sinking Funds.

If you need further information, please let me know.

RE: MHS Pool Panel Replacement

Gentlemen,

We submit this proposal for your review for the above project based on the following scope of work:

Remove existing power panels"H2" and "HB1" in the pool area basement.

install new fiberglass enclosed panels with new interiors and breakers as specified.

Remove existing two lighting contactors and enclosures.

Re-use contactors and install new fiberglass enclosure with backplate to house both contactors.

All connecting raceways will be PVC corrosion resistant.

Test all circuits and label panels accordingly.

For this work our total quotation shall be \$12,695.00.

Thank You for the opportunity to quote on this project. Please contact me with any questions you may have.

Respectfully,

Gerald W. Hasley

RE: MHS Pool Panel Replacement

**Lighting Contactors** 

Gentlemen,

As requested we submit this proposal for the addition of two (2) new 30 amp rated lighting contactors to replace rather than re-use the existing units for the pool lighting control. These contactors would be installed and wired in the new corrosion- resistant enclosures as part of our previous quotation for the panel and enclosure replacement, dated, April 27,2015.

For the addition of these contactors our quotation would be an add of <u>\$896,00</u> to our previous quotation.

Please contact me with any questions.

Respectfully

Gerald W. Hasley

Re:

Orchard Underground Water Leaks

Over the past several months, it was discovered that one of the main boilers was not maintaining water in the system. We hired Aqua-Line Inc. to perform underground leak detection to locate the exact source of the leak. This issue continues and we do not know the exact location of this leak based on the fact that all indicators have suggested that it is underground. After the extensive testing, it is believe to be leaking in the cafeteria area underground.

We also have another underground water leak that needs repaired in the restroom area that has caused all the tile to buckle and the restroom had to be shut down. Gratton Construction has been working with us to try and correct these two issues from the beginning and has the extensive knowledge and expertise to begin fixing the leak in the restroom and making all necessary repairs.

We recommend Gratton Construction to perform the known repairs in the amount of \$9,715.00.

After the restroom is repaired, they will be moving into the cafeteria area to help our staff in cutting the concrete floor away to locate the other leak. That cost is included in this base bid amount however, if this work extends past our staff expertise then Gratton construction will be needed to help make all necessary repairs. Cost of these additional repairs is undetermined at this time.

Funds for the repair will be taken from the Site Sinking Funds.

If you need further information, please let me know.

### MANOR ELEMENTARY SCHOOL LEVELED BOOK CLUB PURCHASE FOR SCIENCE, READING AND WRITING

#### BACKGROUND

The Manor Elementary Leveled Book Club Purchase for Science, Reading and Writing is part of our School Improvement work to provide highly effective workshop instruction to improve student achievement in Reading, Writing and Science. These leveled book club collections were carefully selected by classroom teachers to supplement foundational curriculum concepts being taught at each grade level. Classrooms will receive 4 copies of each book title so that teachers can continue to use the Book Club format as laid out in the Lucy Calkins' Reading Units of Study.

Research shows that many students who do poorly in Science often do so because they cannot read and comprehend information from their textbooks. The purchase of leveled Science books will allow students access to "just right" books that they can successfully read, comprehend and learn about Science concepts from. The purchase of leveled books that align with the Lucy Calkins' Reading and Writing units will provide students with access to "just right" books at their reading level that will deepen their understanding of key Reading and Writing concepts. These books will be used in classrooms in a Book Club format that fosters student collaboration, accountable talk and deeper understandings in Science, Reading and Writing.

#### **ENCLOSURE**

Purchase information for this book purchase is enclosed.

#### RECOMMENDATION

Move to approve the Manor Leveled Book Club Purchase for Science, Reading and Writing, for a total cost not to exceed \$26,000.00. The total amount of this purchase will be covered by the 2014-2015 Title I funds in accordance with allowable expenditure guidelines for use of federal funds for supplemental instructional programming.

#### First Grade Science Levels C-K

Grade One Next Generation Science - Waves And Their Applications In Technologies For Information Transfer

Grade One Next Generation Science - From Molecules To Organisms: Structures And Processes

Grade One Next Generation Science - Heredity: Inheritance And Variation Of Traits

Grade One Next Generation Science - Earth's Place In The Universe

Grade One Next Generation Science - Engineering Design

The set includes books about light and sound waves, engineering, patterns in the solar system, and inherited traits and

learned behaviors of animal offspring.
