Delsie Sisoko, Holly Wallace and Amy Bonam shared how the math department at Monroe High School plans to study and look at student data throughout the year and how the team will use the data to increase student achievement. These practices are in place in all subject areas across the district.

Last week, we served over 1,600 breakfasts to students, which is a record for the district.

We had four teams represent Monroe Public Schools in the annual Bed Race to Aid Children on Sunday. Monroe High School was awarded the Spirit Award.

Recently, the CTE department received two grants: \$40,000 for a virtual welder, and two TRAK lathe machines, worth over \$60,000 from Southwest Industries.

Today, we awarded our first driver of the month award to Mark Farrand of bus 26.
