Monroe High School Orchestra

At the recent MSBOA district festival, Monroe High School Orchestra did an outstanding job. The orchestra received straight As from every judge in every category, which is truly an incredible accomplishment. Mrs. Felder said that since she took over the orchestra four years ago, the orchestra has consistently received 1st division ratings at all of the festivals they have attended; however, she has never seen ratings where the grades were all As without a single A-. Congratulations to Mrs. Felder and the Monroe High School Orchestra!

National Walk Out Day

The student leadership at Monroe High School made an announcement this afternoon, encouraging students to engage in 17 Acts of Kindness. Mrs. Everly noted that the district can

be very proud of the high school students as they really thought hard about how they can make a change and let their voices heard in a safe way.

Superintendent's Comments

This week, four students received athletic scholarships and will continue their sports careers in college!

Mrs. Everly recognized Mr. Hoppert and Mr. Bell for their hard work at the HBA show last weekend. Five projects that students created auctioned for over \$900. Individuals expressed excitement about our construction trades class building a home in South Monroe Townsite next school year. Also, the Monroe County Economic Development Corporation is very enthusiastic about an event, which will be at the Administration Building this summer, to invite potential donors and community members who would like to be involved in the home build.

The first Entrepreneurship Expo will be held Saturday, May 12, at Monroe High School. The day will start with a keynote speaker, and attendees will have the opportunity to hear the entrepreneurs talk about their business plans, test their elevator speeches and hear about how they have changed their products and their thinking throughout the school year.

This week, we have started registering the classes of 2031 and 2032! Registration is taking place in each elementary building and parents are able to complete a majority of the paperwork online.

The survey on school safety is continuing online. We have broken a record with the number of students and adults who have responded to the survey.
